

GEC INDUSTRIAL AIR / VACUUM

A Division of Glauber Equipment Corporation

Air Compressors • Dryers
Vacuum Pumps • Low Pressure Systems

Tel: 888-452-8237 • Fax: 716-681-0715

Glauber Equipment Corporation (GEC) has been providing high quality Blower, Compressor, Vacuum and Pump Systems across Upstate and Western New York since our founding in 1960. We have supported a vast array of industries by providing solutions for their fluid, air and gas system needs. These industries include; Food/Beverage, Pharmaceutical, Environmental, Chemical, Textile, Agriculture, Semiconductor/Nanotech, and many others. In 2015, Glauber Equipment divided the company into specialized business units to better serve our customers. GEC Industrial Air is comprised of a team of specialized air/gas sales and service members uniquely equipped to handle your air/gas system needs. Additionally, GEC has a dedicated specialist on staff to assist with any of your valve, filter or instrumentation needs.
